

EASY TO FIT ✓ CONSISTENT FLOW ✓ SAVES WATER ✓ CERTIFIED ✓

FITTING

Easy to fit, just change the nozzle
Fits most mixer taps (manual, sensor and push)
Fits male M24 (24mm) & female M22 (22mm) threaded collars
Both sizes are the same as a 10p coin

FLOW

Consistent flow rate of 2.7 Litres/minute at mains pressure 0.3 bar to 6 bar
150mm blade width at 150mm from nozzle
Max width 180mm
Planar flow at 90° to collar opening
Complies with BREEAM 'excellent' standard

SAVINGS

Typically reduces water consumption by 50%
Reduces water heating energy use by half

CERTIFICATIONS

WRAS Approval # 1810902
UK Manufacture to ISO 9001 and 14001
Listed as Considerate Constructors scheme "Best Practice"
International Patents Protection
