

WHAT DO THESE MAGNIFICENT BUILDINGS HAVE IN COMMON?

Left to right from top row: Tower of London, Southwick House, National Maritime Museum, Natural History Museum, Marlborough House, City Hall Cardiff, Belfast Castle, Fishmongers Hall, Surrey CC County Hall, Carmarthenshire CC County Hall, St Andrews University, Wills Memorial Building, Oxford Town Hall, Barking Town Hall, Hampton Court Palace, Queens University Belfast, Stormont, Royal College of Physicians, Herts CC County Hall, Waltham Forest Town Hall, London Metropolitan University Moorgate Building, Tate Gallery, *English Heritage Glass & Glazing Publication featuring Quattro Seal.

They all have Quattro Seal installed to save energy and eliminate draughts. Quattro Seal is a permanent draught proofing system installed nationwide in hundreds of heritage buildings. Quattro Seal creates a flexible rubber gasket around windows and door frame rebates creating a bespoke seal around varying degrees of gaps up to 25mm. Quattro Seal also fills peripheral gaps around frame to wall and under window sills vastly improving the air tightness of your building fabric.

Quattro Seal is recognised by English Heritage with life time qualities in excess of 15 years

Quattro Seal has been tested by the **Building Research Establishment** and improves air tightness by 53%

Quattro Seal can save up to 25% on space heating

Quattro Seal is a bespoke, flexible material applied around windows and door frames to create a permanent seal

Quattro Seal works on Wood, Metal, UPVC, Aluminium and Glass and all types of windows

Quattro Seal is a no mess no fuss installation and all operatives are DBS/CRB processed

Quattro Seal is owned and installed by The Energy Savers, proudly serving public sector clients since 1991

Windows work the same as before and we provide **FREE Surveys** and produce a **fuel and carbon saving report** for each building highlighting the cost of works, how many kWh's and carbon tonnes can be saved each year and what it costs to save a tonne of carbon.

All work carries a **five year unconditional guarantee** covering labour and material.
