

Company:

Audas

Location:

Gemini Retail Park, Warrington

Overview:

Presentable retail
refurbishment hoarding

Solution:

Hoardfast uPVC

audas

Audas Project Management Ltd partnered with Westgate Global to provide a high-quality hoarding solution for a prominent retail brand at Gemini Retail Park, Warrington. The client required a professional, customer-facing hoarding system that aligned with their brand image while ensuring minimal disruption to employees and customers during installation.

Westgate Global's Hoardfast uPVC system was chosen for its clean, durable finish and easy installation, making it ideal for high-visibility environments. The hoarding included custom double doors with vision panels to enhance functionality and safety.

The installation was completed within the 1-2 week timeframe, meeting the exacting standards of both Audas Project Management Ltd and the retail brand. Hoardfast uPVC provided a sleek, customer-facing finish that maintained the store's professional appearance during renovation.

Both Audas and the end client were highly satisfied with the outcome, reinforcing Westgate Global's reputation for delivering reliable, high-quality hoarding solutions.
